2016-2017 Corporate Athletic Sponsorships Package

Legacy Preparatory Christian Academy

LPCA is a University Model School® that first opened its doors in the fall of 2004. Legacy has sustained a healthy 25% YoY growth in enrollment. LPCA was the first UMS School in the greater Houston area and the only one in the nation that owns their own facility. We serve the greater Woodlands area and have students from Spring, Oak Ridge, Shenandoah, Conroe, Magnolia, Tomball but over 60% of our student population is from the Woodlands. Conveniently located on 22 acres between Research forest Blvd and FM 1488, Legacy is easily accessible for our families and guests.

About Legacy Preparatory Christian Academy:

- o At Legacy Preparatory Christian Academy (LPCA) we partner with parents to inspire their children to be college-worthy, character witnesses of Christ, and provide a robust selection of extracurricular activities to round out their learning experience. We accomplish this through an environment that allows parents to spend more time with their children via the university style schedule (M,W,F & T/Th Scheduling) and through a college preparatory curriculum based on a biblical worldview.

- o LPCA is Pre K-12th grade and our current enrollment is approximately 400 students.

- o Our newly constructed building boasts an oversized gymnasium with seating for 400 which is designed to be multipurpose and often used by the community for all types of events. Our football field hosts home games during the year as well as other events that draw families from our entire student body as well as friends and family in the community. Examples of these events are: Homecoming, Bonfire, pep rallies, Girls on the Run practices, etc

- o Website is www.legacypca.org
- o Physical Address: 9768 Research Forest Drive, The Woodlands, Texas 77354
