## ***Philosophy of Curriculum***

***Legacy's curriculum is designed to adhere to the principles of our Philosophy of Education and Student Goals for Learning. Our curriculum is drawn from the Christian heritage, which is based on biblical truths, foundational principles, enduring traditions, and character awareness. Each student is challenged not only academically, but also spiritually.***

***We seek curriculum with a biblical worldview and/or secondary resources with a strong biblical foundation that affords parents the opportunity to engage with their students at home on off-campus days.***
